The world leader in
 façade access solutions

CoxGomyl stands for Reliability, Safety and Innovation. The Group has evolved to become a leading designer and manufacturer of Building Maintenance Units (BMUs) worldwide, enjoying a strong global presence through a network of regional offices and agents around the world.

CoxGomyl's vision is to have "the best products in all relevant BMU market segments worldwide". The CoxGomyl strategy builds from its distinctive position as a highly experienced designer and manufacturer of BMUs. This unsurpassed knowledge means CoxGomyl creates truly differentiated BMU solutions for the tallest and most complex building designs.

Over 6,000 BMU job references worldwide

Specialising in BMU consulting, design, manufacture, installation, maintenance, training.
