# GREETINGS

December newsletter 2011

Dear Friends,

As another year draws to a close it is an opportune time for reflection on 2011. As the leading Global Building Façade Access specialist, the CoxGomyl Group enjoyed the challenge of navigating the bumpy road of the world construction markets and providing innovative solutions for the premier and iconic buildings around the globe. We welcomed a growing list of new

projects and customers, delivered and completed some very exciting existing jobs, and continued to develop the careers of many of our employees. All in all, another very busy, challenging and satisfying year.

Aside from reflection, it is also the celebratory time of the year again. We at CoxGomyl are delighted to be able to wish all our Clients, Agents, Staff and supporters a very happy and safe Festive Season, and a rewarding New Year. We have many people to thank and this seems to be an appropriate time.

To our many regular existing clients and to those new customers who have trusted us with their projects this year; thank you for your support and custom. Working together we have developed and delivered some amazing innovative projects around the world. We are certainly proud of what we have achieved and look forward to assisting you again in the New Year. With the increase in projects on the drawing boards we are responding by increasing our Sales Engineering force and optimising our production capacity.

To our agents around the world, you have done a fantastic job in representing CoxGomyl and we are looking forward to continuing to develop our relationships and business together. We constantly seek your feedback to enable us to further fine tune our range and product offer and hope to have some new products for you in the 1000 range during the coming year.

To our staff, we know you have all worked exceptionally hard this year and we sincerely thank you for your efforts. When we have asked you to change how you do things you have responded, when we have asked for your feedback and ideas you have given these freely and fully. What we have achieved together is a very strong group working together to solve global challenges, all due to your attitude and commitment. What a great team!

To our supporters; suppliers, and shareholders, you have been as ever a great support for our ambitions, and we thank you and look forward to more in 2012.

To all our friends above, we wish you and your families all the best for the festive season and hope that 2012 is an even greater year!

With best wishes,  
The CoxGomyl Group

## Things to celebrate this Festive season....

- Our employees and customers continue to work safely in all of our equipment and facilities.
- Our staff are passionate about producing the best solution the client can afford through the life of the project.
- Our company values are strong and we are living by them.
- When you cast your eyes skyward in the major cities of the world, you can see where we have made a difference; clean and pristine modern buildings.
- The desire to produce functional and safe machines that are beauties to see in action but then recede to preserve the architectural integrity of the building means we are very proud to show our finished solution.
- Our global Sales Engineering teams mean we are efficient and have constant access to the latest technologies and designs.
- Our network of agents, offices and technicians mean we have unparalleled support on the ground around the world.
- It's a great time personally to stop and smell the roses, reconnect with old friends and family and to thank all who have contributed to our development.
- Hope for a peaceful and prosperous New Year
